Bid Evaluation Criteria

Catholic Health Initiatives (CHI) will be opening the bidding process for 28 days, requesting 36 month terms. If additional information is necessary, it should be requested in writing to be received no later than last day of the 28 day bid requirement. The inquiry and the written response will be distributed to all offerors indicating an intent to submit a response.

Offeror must address all categories outlined in this RFP. No partial proposals will be accepted. It will be the offeror's responsibility to act as the primary contractor for all aspects. Ultimately an award will be made to the responsive and responsible offeror whose proposal is determined to be the most advantageous to Catholic Health Initiatives, taking into consideration price and the evaluation factors set forth in the request for proposals, along with any subsequent due diligence process. No other factors or criteria will be used in evaluation. However, the right is reserved to reject any and all proposals received and in all cases, Catholic Health Initiatives will be the sole judge as to whether an offeror's proposal has or has not satisfactorily met the requirements of this RFP. Neither Catholic Health Initiatives nor any agent thereof on behalf of Catholic Health Initiatives will be obligated in any way by any offeror response to this RFP.

Allowance of the substitution of sites and services over the life of the contract or participation in the HCF program is required. The CHI consortium may add sites and/or upgrade or change services throughout the length of the contract term without having to re-bid. CHI requests that bids allow site and service substitutions in accordance with Appendix D, 47 C.F.R. § 54.646.

All service providers must file FCC Form 498 to obtain a Service Provider Identification Number (SPIN)/498 ID and acknowledge participation in the HCF Program on the FCC Form 498 to participate in the HCF Program. Service providers understand their responsibility to sign, certify, and submit proper invoices and documentation (included submitting bills for services with a breakdown of eligible and ineligible services) to be reimbursed. The invoicing deadline is 6 months after the end of the commitment period.

Catholic Health Initiatives will score each acceptable bid based on the criteria listed below. Cost of service will be weighted highest. However, the most "cost effective" bid will be determined based on all weighted criteria.

Please submit responses to CHI Consortium Project Coordinator Marlena Heintz-Murataj, 720-875-7776, marlenaheintz@catholichealth.net.

Each bid is scored on a scale of 1 to 5: 1 (poor), 2 (fair), 3 (good), 4 (Very good) and 5 (excellent).

Criteria		Assigned Weight
A	Cost of Service	30.00%
B	(Other) Tier One service provider	25.00%
C	One Vendor Solution	20.00%
D	Prior Experience, CHI approved vendor	15.00%
E	Management Capability, including solicitation compliance	10.00%

For Vendors & Suppliers

As mentioned in bid Criteria D above, being a CHI approved vendor is considered and weighted. CHI's Supply Chain Group builds and maintains a strategically and operationally integrated supply chain that adds value to the organization through a variety of initiatives and best practices. At CHI, supply chain encompasses system wide sourcing and contracting for supplies, equipment and purchased services. Supply Chain is also responsible for supply chain operations, pharmacy, clinical engineering and facilities management.

CHI stresses fairness in vendor selection and is open to working with any qualified vendor that meets our criteria. While CHI establishes contracts of varying terms and lengths, each contract is reviewed regularly and is typically opened to all qualified vendors.

Prospective Vendor Requirements

- Support and adhere to CHI's [Mission](#) and [Core Values](#)
- Attend required training as appropriate
- Demonstrate supplier diversity
- Demonstrate sustainability through green programs
- Demonstrate fair and equitable behaviors
- Provide quality products and/or services
- Provide a high level of customer service
- Demonstrate financial strength and long-term viability
- Be an ethical provider in good standing
- Have an efficient national distribution system that can accommodate CHI's volume without substantive delays or back orders
- Provide a dedicated point of contact to CHI
- Conduct all negotiations, evaluations and contract administration work with CHI's national contracting staff
- Integrate with CHI's automated systems where appropriate
- Support the products that are under contract without promoting products or services not under contract
- Provide detailed performance reports
- Use creative approaches to improve service, quality and cost savings initiatives
- Able to work with HealthTrust Purchasing Group (HPG), CHI's group purchasing organization
- Comply with CHI and facility [vendor access requirements](#) and policies

How to Approach CHI

- CHI contracts are established through HealthTrust Purchasing Group (HPG) whenever possible. We encourage all potential vendors to first approach [HPG](#) to explore GPO contracting opportunities.
- CHI's national Supply Chain institutes and maintains systemwide agreements. To explore such an agreement, contact CHI's national office vendor information line listed above before reaching out locally.

Infrastructure

The Catholic Health Initiatives consortium is requesting bids that allow telecommunications and broadband services for clinical teleconsultation (video and voice), exchange of medical records, exchange of large radiographic and patient images files, video conferencing and training, voice services and backup/redundant connectivity. CHI is requesting bidders to provide the cost for (1) owning and (2) leasing the requested infrastructure. The request for both costs must be explicitly stated in the RFP.
